

WEBINAR OVERVIEW 2017

1. The role of imaging in modern treatment of “structural” heart diseases

Speaker: Jens Bremerich, Basle/CH

Moderator: Marco Francone, Rome/IT

2. Hybrid Cardiac Imaging: Toy or Workhorse?

Speaker: Federico Caobelli, Basle/CH

Moderator: Marco Francone, Rome/IT

3. Imaging of pulmonary hypertension – what you need to know

Speaker: Karl-Friedrich Kreitner, Mainz/DE

Moderator: ESCR Office

4. Approaching dilated hearts: is it only a matter of tissue characterization?

Speaker: Charles Peebles, Southampton/UK

Moderator: Marco, Francone, Rome/IT

5. MR in cardiovascular implants recipients

Speaker: Gianluca Pontone, Milan/IT

Moderator: Fabian Bamberg, Tuebingen/DE

6. Tips and Tricks for performing and analysing CT in congenital heart disease

Speaker: Matthias Gutberlet, Leipzig/DE

Moderator: Marco Francone, Rome/IT

7. Hide and seek - screening for cardiovascular diseases

Speaker: Rozemarijn Vliegenthart, Groningen/NL

Moderator: Marco Francone, Rome/IT

8. MR in athletes and those who aim to be

Speaker: Marco Francone, Rome/IT

Moderator: Christian Loewe, Vienna/AT

9. Ten important cardiac imaging trials

Speaker: Marc Dewey, Berlin/DE

Moderator: Luigi Natale, Rome/IT

10. (T)1, (T)2, 3? - MR mapping and beyond

Speaker: Joachim Lotz, Goettingen/DE

Moderator: Fabian Bamberg, Tuebingen/DE

WEBINAR OVERVIEW 2016

1. CT: The New Chest Pain Doctor? The role of Cardiac CT in the management of patients with Acute Chest Pain

Speaker: Fabian Bamberg, Tuebingen/DE

Moderator: Christian Loewe, Vienna/AT

2. When the action is over: Imaging after Acute Coronary Syndrome (ACS)

Speaker: Christian Loewe, Vienna/AT

Moderator: Fabian Bamberg, Tuebingen/DE

3. The “-itis” session: Myocarditis, Pericarditis, Endokarditis – all the same?

Speaker: Matthias Gutberlet, Leipzig/DE

Moderator: Marco Francone, Rome/IT

4. Take heart: preventing sudden cardiac death with diagnostic imaging, is it really feasible?

Speaker: Luigi Natale, Rome/IT

Moderator: Marco Francone, Rome/IT

5. Myocardium revised: modern MR techniques for myocardial tissue characterization

Speaker: Jan Bogaert, Leuven/BE

Speaker: Tom Dresselaers, Leuven/BE

Moderator: Marco Francone, Rome/IT

6. Seek for non-invasiveness: TAVI and mitraclip and similar mini-invasive approaches. What the surgeons really want to know from radiologists

Speaker: Rodrigo Salgado, Antwerpen/BE

Moderator: Christian Loewe, Vienna/AT

7. Anatomy or function or both? Cardiac FFR, CT perfusion and more

Speaker: Konstantin Nikolaou, Tuebingen/DE

Moderator: Fabian Bamberg, Tübingen/DE

8. Christmas Story: Future role for Cardiac CT

Speaker: Joachim Wildberger, Maastricht/NL

Moderator: Christian Loewe, Vienna/AT
